# Hydraulics & Pneumatics THE JOURNAL OF FLUID POWER AND SYSTEMS

### www.hpmag.co.uk

## **MEDIA INFORMATION 2020**

## Hydraulics & Pneumatics THE JOURNAL OF FLUID POWER AND SYSTEMS

### **Hydraulics & Pneumatics**

Hydraulics & Pneumatics is the UK's only niche magazine for fluid power buyers and users within industrial and mobile sectors such as manufacturing, engineering, construction and transport.

The journal offers comprehensive updates on current developments concerning fluid power/motion control and related computerised technologies through the latest news, technical articles, topical opinion, in-depth interviews, new products and informative end user-focused application stories.

Current trends concerning hydraulic and pneumatic power, actuation, automation and associated electronics application are aired, along with compressed air generation and supply – plus relevant instrumentation, and systems control and monitoring. The fast-developing Digital Transformation landscape is also regularly monitored – including trends concerning the Industrial Internet of Things (IIoT) and Industry 4.0. Additionally, the publication provides useful help and guidance on issues such a maintenance, repair & refurbishment, condition monitoring, energy efficiency, training and health & safety.

Hydraulics & Pneumatics publishes the annual Hydraulics & Pneumatics Buyers' Guide; an unrivalled sourcing and procurement aid for fluid power systems, components and services.

The journal is fully ABC-certificated and has strong links with leading trade associations the British Fluid Power Association (BFPA), the British Compressed Air Society (BCAS)

and the British Valve & Actuator Association (BVAA). Moreover, Hydraulics & Pneumatics magazine owner DFA media is also the official publisher of the BFPA Yearbook and Members' Directory, and the Official BCAS Compressed Air & Vacuum Technology Guide, copies of which are distributed once a year together with Hydraulics & Pneumatics magazine.

Ed Holden - EDITOR

Working in co-operation with the British Fluid Power Association, British Compressed Air Society & the British Valve & Actuator Association to provide up to date news & developments. ABC Certified

### Appointments

Are you seeking a Professional within the Fluid Power Industry?

Hydraulics & Pneumatics offers a great platform to source experienced professionals within the Fluid Power Industry.

H&P Appointments offers you:

Over 33,000 Fluid Power Professionals – Consultants, Higher Education, Design Engineers, Sales, R&D, Marketing Management

Most cost effective way to recruit

Every appointment advert booked direct and within H&P Magazine is placed on our website Free Of Charge for 28 days from publication

Established Appointment section for the UKs fluid power industry

#### **KEY FORMATS AVAILABLE**

FULL PAGE	£1475
HALF PAGE	£815
QUARTER PAGE	£495
Eighth page	£304

#### Colour insertions + 20%

Don't forget to include:

- Company name (if required)
- Job Title
- Salary and Benefits
- Key Responsibilities
- Attributes

### Spotlights

Have your product, website, news or application story included in Hydraulics & Pneumatics Spotlight pages

- Monthly selection by the Editor
- Full colour image plus 100 words of text

Telephone number and web address

£105.00 per insertion and

£175 to appear inclusive on the website

Spotlights - please contact the Sales Team on: 01732 370340

### Products & Services

- Products & Services Directory offers you:
- Continued presence in the UKs only dedicated journal for the Fluid Power Industry
- Quick and effective reader reference
- Full colour listing
- Heading of your choice
- Multiple entry options available
- Cost effective sales lead generation
- Exclusive page on the website
- 100mm x 32mm £895 p.a.
- 100mm x 70mm £995 p.a.
- 246mm x 32mm £1095 p.a.

### Web Locator

Promote your website all year round!

- Increase traffic/interest from your industry!
- Showcase your Homepage with a Screenshot!
- Full Colour Images
- Selection of Headings
- Low cost advertising for your webpage "one off" payment covers the advertising for the year!
- Inclusive on website

Screenshot and Lineage Entry £395

Lineage Entry only £220

#### MATERIAL REQUIREMENTS

Printed Web Offset. Advertising copy can be supplied as QuarkXpress or InDesign files (including all support files and fonts), high-resolution, press-optimized pdf, eps, tiff or jpg files. All graphics should be supplied at 300dpi at size to be used. All colours should be CMYK or grayscale for mono. Please also supply a colour proof to the Production Manager as we cannot be held responsible for any colour variations otherwise.

### Copy Deadlines

#### ADVERTISING COPY DEADLINES

All advertising copy needs to be supplied in the correct format by the end of the third week of the month preceding the issue date. For example for the September issue all ad copy needs to be supplied in the correct format by 7th September.

#### EDITORIAL SUBMISSION INFORMATION

All editorial submissions must be emailed to the editor by the first Friday of the month preceding the issue date. For example the deadline date for the October issue is the 5th October.

### **Digital Media**

Hydraulics & Pneumatics website: www.hpmag.co.uk incorporating turnpage digital issue.

The H&P website will feature: -

- Breaking news stories on business, legislation and relevant products unique to this website.
- New rich media content relevant moving media for fluid power industry
- News on up and coming events
- Buyers Guide on line the digital replication of H&P's printed version the most comprehensive and easy to use guide for the fluid power industry.
- The best features and application stories from recent issues of H&P

## FLUID POWER & SYSTEMS & AIR-TECH 2021 EXHIBITIONS

### Part of the UK's biggest manufacturing/engineering event of 2021 25-27JANUARY 2021 | HALLS 9/10 | NEC BIRMINGHAM UK

Fluid Power & Systems - the only UK exhibition 100% focussed on a comprehensive range of hydraulic & pneumatic equipment for industrial and mobile markets plus products facilitating better electromechanical system design & application for improved process automation, control and monitoring. Fully supported by the British Fluid Power Association (BFPA), BVAA.

Air-Tech – the UK's only dedicated expo for compressed air, generators and vacuum markets. Supported by the British Compressed Air Society (BCAS) it highlights current key air compressor & related technologies from companies around the globe.

To receive a copy of the exhibitor's brochure for the 2021 show, please contact: Ryan Fuller on +44(0)1732 370340 or email ryan.fuller@dfamedia.co.uk or Andrew Jell on +44(0)1732 370347 or email andrew.jell@dfamedia.co.uk
